Dear Mrs. Brown:

On January 25, 1977, I wrote you a letter of reprimand concerning the general cleanliness etc., of the area that you are responsible for in the kitchen. Since then, I must admit there has been some appreciable change in the cleanliness, however, your general work habits have depreciated. Your Supervisor, Mrs. Harper, informs me that you have totally neglected the cooler area and that you have to be continually reminded of your responsibilities. This, plus the fact that you have missed several shifts since January 25, 1977, makes it extremely hard for us to operate the kitchen in a smooth and orderly manner.

Since your overall performance has deteriorated, I find I have no other alternative but to relieve you of your duties in the Montana Tech Food Service as of the end of your regular shift on March 21, 1977. Since we have already discussed this, I don't believe there should be any questions.

Good luck on any future endeavors that you may undertake.

Sincerely,

Frank Kondelis

To Whom It May Concern:

This is to officially notify you that Montana Tech has now made arrangements so that we can handle the deduction of union dues from an employee’s pay check. We also are notifying our employees of this option.

Employees doing so must fill out an authorization form and return it to the Business Office by July 15, 1976. It would be our intention that if they sign up for the deduction, the July deduction would be for payment of the July dues.

If your members decide to take advantage of this payroll deduction, we would appreciate it if you would supply us with the mailing address, etc., to whom the dues are to be remitted.

Sincerely,

Dear Margaret,

Montana College of Mineral Science and Technology currently is negotiating a contract for services with Saga Foods, Inc. Should we be successful with these negotiations, the college no longer would control the food service or its employees. Saga Foods, Inc. would then become the bargaining agent and the food service employees would work directly for Saga Foods, Inc. A new contract would have to be effected between the Culinary and Miscellaneous Employees Union and Saga Foods, Inc.

If Saga Foods, Inc. and Montana Tech enter into such a contract for services, it would become effective on July 1, 1977. I will notify you at such time as an agreement is reached so that you might initiate the proper actions to bargain with Saga Foods, Inc.

If I can be of any assistance, or should you have any questions, please feel free to contact me.

Sincerely,

Frank Kondelis, Director
